

IMPORTANT NOTICE

TURNING A MATTRESS CORRECTLY IN TWO EASY STEPS

For maximum life and comfort from your new mattress and to ensure full coverage of the issued warranty, don't forget to turn your mattress. Using the schedule provided, see below.

THE NEVER TURN MATTRESS™

If you have bought the Never Turn Mattress™ you only have to follow step 1. For all 2 sided mattresses, steps 1 or 2 should be followed carefully.

THE
Never Turn
MATTRESS

APPEARANCE OF BODY IMPRESSIONS.

Body impressions in the mattress may appear as the comfort layers in the mattress settle and conform to the contours of your body. The diagram below is only an illustration, body impressions will vary depending on your sleeping habits

WARRANTY SCHEDULE

To determine the issued warranty and terms of your warranty, look at the warranty code on your mattress law label (see sample below).

The warranty code is X – Y

X = total limited warranty period (in years)
Y = free repair or change period (in years)
Repair or replacement charge = 1/X of dealer retail price times number of years of use.

Example:

If the warranty code is 20-20

20 years warranty

20 years of free repair or replacement

Repair or replacement charge : non applicable.

If the warranty code is 15-5

15 year warranty

5 years of free repair or replacement

Repair or replacement charge : 1/15 of dealer retail price times number of years of use.

Law label sample

Attached to every sleep set is a law label (see sample at right)

which includes a warranty code number. To determine the terms of your warranty match the warranty code with the appropriate line in the warranty schedule. If the product you purchased is discontinued at the time of repair or replacement, the current suggested retail price for a comparable model will be used.

The warranty code is here on the law label.

BEDDING CARE

DO

DO turn your mattress frequently. The materials used in this mattress are designed to conform to your body's individual contours. If your mattress is 2-sided, rotate your mattress head to toe after 2 weeks use (see step 1 Turning a Mattress Correctly in Two Easy Steps) then 2 weeks later flip the mattress over (see Step 2 Turning a Mattress Correctly in Two Easy Steps). Continue this sequence for the first 3 months of use, then once every month thereafter to maximize its conformance to your body. If you own a Never Turn mattress rotate it head to toe (see Step 1 Turning a Mattress Correctly in Two Easy Steps) for every 2 weeks for the first 3 months of use, then once every month thereafter. It is your responsibility to turn the mattress in this manner to ensure validation and compliance with these warranty provisions.

DO carry your mattress flat on its side. It's easier to handle and less likely to damage the mattress.

DO keep your bedding clean. We require the use of a mattress pad especially if children use the bed.

DO replace the foundation when purchasing a new mattress. An old foundation may not provide sufficient support. It may appear that your new mattress is sagging when it is really the foundation, which supports the entire mattress.

DO use an appropriate frame and centre support for queen and king size sets. Using a support frame will validate your warranty.

DO air out your new mattress in a well ventilated area.

DON'T

DON'T PLACE NEAR OPEN FLAME OR EXPOSE TO FIRE. THIS MATTRESS IS NOT FLAME-OR FIREPROOF AND CAN IGNITE AND/OR BURN IF EXPOSED TO OPEN FLAME OR FIRE. WHEN IGNITED, SOME BEDDING MATERIALS CAN BURN RAPIDLY AND EMIT SMOKE AND HAZARDOUS GASES.

DON'T smoke in bed. This mattress is manufactured as required by federal law to resist but not necessarily eliminate, ignition by smoldering cigarettes.

DON'T carry mattress using handles. Use handles only to position mattress on foundation.

DON'T let anyone stand or jump on your mattress or foundation. It was not built for that kind of weight concentration.

DON'T allow your mattress to get wet. Protect it from water or other liquids.

DON'T place a board between your mattress and foundation.

Your sleep set is designed specifically to provide you with support.

DON'T bend your mattress under any circumstances. Such treatment may damage the innerspring unit. Flex rather than bend the mattress when going through doorways and don't bend the corners when putting on fitted sheets.

DON'T remove the law tag label at the end of your mattress. This serves as means of identification to establish your warranty rights.

DON'T use dry cleaning fluid of any type on your mattress. These chemicals will damage some of the construction materials.
